PSK Technologies Pvt. Ltd.

SOFT SKILLS

Problem Solving, Team Collaboration, Communication, Leadership, Adaptability, Time Management, Analytical Thinking, Continuous Learning

SUMMARY

MERN Stack Developer with hands-on experience in building scalable, secure, and high-performance web applications using MongoDB, Express.js, React.js, and Node.js. Skilled in designing RESTful APIs, optimizing database performance, implementing secure authentication, and creating responsive user interfaces. Passionate about clean code, continuous learning, and delivering efficient software solutions.

PROJECTS

- **Smart NGO Management System** | NGO Management Website

  Tech Stack: React.js, Node.js, Express.js, MongoDB, REST API, Firebase Auth, JWT

  - Developed a web-based system to manage donors, volunteers, donations, and events.
  - Designed MongoDB schema and implemented secure authentication with role-based access.
  - Built CRUD operations and admin dashboards for monitoring activities and reports.

- **AI Interview Assistant** | AI-Powered Website

  Tech Stack: React.js, Node.js, Express.js, Supabase, Vapi API

  - Built an AI-powered platform for technical & HR interview preparation.
  - Integrated AI services to generate questions and provide personalized feedback.
  - Used Supabase for storing sessions, user profiles, and performance analytics.
  - Designed responsive UI and interactive workflows for better user experience.

- **Muscle Box** | Gym Management Application

  Tech Stack: FlutterFlow, Firebase, Firestore, Dart, Gemini APIs

  - Developed cross-platform app for membership, attendance, rewards & analytics.
  - Optimized Firestore structure and implemented secure role-based authentication.
  - Enabled real-time data sync across members, trainers, and admins.

Also developed full-stack web applications including E-Book Management platform and Skill U Armory.

EXPERIENCE

- **MERN Stack Developer Intern** — Nov 2025 – Present

  PSK Technologies Pvt. Ltd., Nagpur, Maharashtra

  - Building scalable web applications using MongoDB, Express.js, React.js, and Node.js.
  - Developing RESTful APIs and implementing JWT authentication.
  - Optimizing databases and creating responsive, user-friendly interfaces.
  - Passionate about writing clean, maintainable code and exploring AI-powered solutions.

- **Software Developer Intern** — Apr 2025 – Nov 2025

  Muscle Box, Nagpur, Maharashtra

  - Designed modern UI/UX for a Gym Management Application.
  - Structured Firestore databases for users, memberships, rewards, and packages.
  - Implemented Firestore security rules to protect sensitive data.
  - Collaborated with Flutter/FlutterFlow team for smooth integration of systems.
